

Love Song

Princess: I've lived a life so sheltered, decided for me
And then I met a boy who has made free

I'm in love, I'm in love with you
Could this love be what my heart needs to do.

Jack: I thought you'd never take me, although I dreamed
But still I kept on saying, you're too poor to be
Be in love, with a princess like you.
Is this love telling me

P&J: All my dreams, dreams from my youth
have always been the truth

This, our love-

Princess: What my heart needs

Jack: Princess of my dreams

P&J: Will always be true.
