

Fairies: Given what has happened
 We are filled with joy
 Let us sing our glad song

 After all we've been through
 My heart is full
 Now that all is well

Happy Endings
sometimes it's hard to know what to do
but the magic has sent our Mother Goose
returning to her shoe.

Even though our story
Could have gone astray
We have fairy fortune

Learning about magic
Knowing what to say
has turned the tide

Happy Endings
are not often found around here anymore
So when we see Princess and Jack in love
(We're Happy Evermore
They're happy evermore) 4x
